Youhansen Eid, representative of the Technical Working Group (TWG) for the development of the ASG-QA

10:30 Coffee

10:45 Session 2 (group work): The ASG-QA in my system

This first set of break-out groups will look at the parts B and C of the ASG-QA, which pertain to national quality assurance agencies. Participants will be divided by linguistic groups (English, French). Each group will select a rapporteur. *The groups will be chaired by Amine Allal (FR) and Jeffy Mukora (ENG).*

Questions:

-What are your reactions to parts B and C?

-Are any of the standards or guidelines controversial?

-Are any unclear?

-Please select at least three of the standards and guidelines from your system that you think will be crucial to implement. Discuss obstacles and opportunities for implementing them.

12:15 Session 3: Summaries from break out groups and discussion

-What were some of the common concerns regarding parts B and C of the ASG-QA?

-Did these concerns cross linguistic groups?

-Which standards were selected as being a highest priority for implementation? Did these selections cross linguistic lines?
